

Home-Schooled, Open Enrollment, Private School Students

Jackson Electric Cooperative will award a \$750 continuing education scholarship to one qualified student who is home-schooled, open enrolled at a school not in our service territory, or who attends a private high school.

Qualifications are:

- Parents of the student must be active members of Jackson Electric Cooperative.
- Student displays leadership skills through school and community involvement.
- Student expresses a strong desire to continue his/her education.
- Student must submit to Jackson Electric Cooperative, Attn: Scholarships, by March 15 a completed application form and response to a 500-word essay question.
